## FOR IMMEDIATE RELEASE:

# MTI WHIRLPOOLS INTRODUCES A REVOLUTIONARY PET SPA!

## Jentle Pet™ Is The Way Of The Future In Spoiling Your Pampered Pooch!

(ATLANTA, GA – May 8, 2006) You share everything with your best friend, except maybe your bath. But that doesn't mean you have to treat your pet like an animal. The Jentle Pet™ spa was designed with your pet in mind. Civilized features like a hand-held shower and a self-cleaning whirlpool system combine to help your canine friend feel... almost human. MTI Whirlpools unveiled this latest bath design at this year's Kitchen and Bath Show in Chicago in April.

The Jentle Pet design includes a generously-sized bathing well, spacious shelves for shampoos and supplies, and a low-profile, rounded front for human comfort. This creative bathing vessel has been thoughtfully and ergonomically designed specifically for canine members of the family to provide a comfortable, therapeutic, safe environment for dog bathing. Movable retaining rings are supplied for convenient tethering if desired, and both a fill spout and hand shower make the bathing process easy. For ease of operation, a single-handle hot/cold mixing valve is included.

For the ultimate in pet pampering and therapy, the Jentle Pet may be equipped with 5 full-size point-massage whirlpool jets, air volume control, a 1 bhp pump and MTI's patented Fill-Flush® whirlpool cleaning system. Each point-massage jet's direction can be adjusted, and individual jets can be shut off if desired. Whirlpool therapy is not-only relaxing but also therapeutic for relieving the pain of sore muscles or arthritic conditions.

The Jentle Pet measures 48" L x 30" W x 25" D and is priced starting at \$1199 as a soaker, or \$1699 plumbed with handspray, diverter, moveable tie down to \$2599 with whirlpool system and Fill-Flush® cleaning system.

The Gentle Pet is constructed of Lucite® cast acrylic for beauty and durability. The non-porous, stain-resistant surface is not only easy to clean and maintain, but it is also renewable, which means that any scratches that may occur can be polished out. The acrylic finish is reinforced with a thick backing of fiberglass / titanium / resin mixture for added strength and increased insulation. Additionally, this construction actually dampens the sound of water hitting the bottom of the vessel to provide a less stressful audio environment for the dog.

Since 1988, MTI Whirlpools has earned a reputation for impeccable quality, innovation and unique customizations for air baths, whirlpools and soaking tubs, offering more than 95 models available in over 50 colors with endless options. All MTI Whirlpools' Classic and Designer Series baths are protected by MTI's Lifetime Limited Warranty. MTI also offers durable acrylic shower bases, shower enclosures and stylish kitchen sinks. Located near Atlanta, the employee-owned company offers products through an exclusive network of kitchen and bath showrooms throughout the country. The company is gaining national recognition for its ability to provide products that are both innovative and classic.

Pamper your pooch with MTI Whirlpools' new Gentle Pet spa for dogs. Sure to be their new favorite treat. For more information call 800-783-8827 or visit [www.mtiwhirlpools.com](http://www.mtiwhirlpools.com).
